Norma,

I wanted to let you know what a pleasure it is to have Annika as a student.

She is very motivated, going over and above with the projects, in services, meal rounds, test trays we have asked her to participate in.

Annika comes in everyday with a smile, lots of energy and has a very positive outlook, always asking "What else can I do?"

She engages in discussions and asks in depth questions, always seeking to add to her knowledge.

I wish we could keep her longer, but I know she needs to move on!

She makes being a preceptor very rewarding and I wanted to share this with you.

Thank you for giving us a chance to work with her,
